

What's new in Quartet?

We've rolled out powerful new updates to Quartet. All designed to help IP professionals work faster, think deeper, and customize their analysis like never before.

✦ Expanded Copilot

Compare multiple publications, extract shared features, and run deeper analysis across documents, all in one flow.

Compare publication A to publication B

↑ Send

🔗 Popout Tabs

Split views = smarter review. View claims and drawings side-by-side, compare descriptions, or keep Copilot open while exploring publications.

🔗 Pop out to new window

Full-text Abstract Grid (14) Claims (10)

⚙️ Custom Views

See exactly what you need, and nothing you don't. Tailor your workspace to your preferences.

❓ Smarter In-App Help

Better search. AI-powered suggestions. Interactive tours. Help, when and where you need it.
